

## LETTERS FROM ADOPTERS

This is Cheddar. We adopted him from you about four years ago. He is, as you can see, doing very well, large and in charge. He had a brother and sister, and a baby boy has just arrived in our house as a new brother. The little baby was rescued from the middle of Farmington Road near CVS Drug Store. The vet estimates him to be about 3-weeks-old. He loves his bottle, and hopefully will enjoy his new siblings when he is bigger!

adopted Buster Kenzie (formerly Kenzie Nolan, on the right) from Backdoor Friends in July 2008 when he was about 5 months old. He's a sweet boy who loves

playing with catnip toys and napping on his plush blue blanket. He also loves his older brother, Oscar (left, from Ingham County Animal Control in May 2007). Buster definitely completes our family! He and Oscar bring us endless happiness. Thank you for taking care of Buster until he found us! ~Karly and Mike Cook 🐱

Buddy is doing great! He's a happy, contented, LOVED little brother to Newman, and he adores him. He actually kisses him and vice versa. Now, can we get Miggy not to play at 2:30 a.m.?

Princess Pansy is doing very well, running through the house and trying to jump after toys thrown in the air. Pansy also greets me at the door each day as I return from an outing. Sweet Pansy steals my heart each day and brings me so much happiness. Everyday I thank all of you at BDF for letting me bring Pansy into my home.

Just dropping by to say thank you! We adopted our awesome kitty, Sammy, from your organization back in 2002 (pictured on the right). He is still a happy, healthy guy and enjoys spending time with his best friend, Lucky, and snuggling on my pillow at night. We were so grateful to be able to give him a good home and hope that others can do the same for these wonderful creatures! ~

Ebert (now Toby) is fully ensconced in his new home, loved by all! After two days in the basement ceiling ... he decided to come down and join the lady and her 21 year-old son...and it has been great....He is well behaved and super sweet!

Again, thanks so very very much for all you have done for me! I appreciate it so much!

We adopted Rosie in June 2013 from BFPCR. We renamed her Natasha. She brings us a lot of joy. She is such a sweet,

affectionate cat. She made the trip with us to Florida for the winter and loves it here.

Size, location and design of the box makes a difference to most cats. Make it easy on yourself by meeting your cats' preferences. Scoop at least twice daily and remove all urine and feces. If a cat stops using a cleaned box, there could be a medical problem, so see your veterinarian.
